## BAND STORY

"I've been played in a dozens of bands. Well these are my ofical bands, cuz I've played in a lot of projects. I started in PANDEMONIUM, when I was 14 (we played PUNK), then I played in NOCTURNA (we won contests and stuff, we played GOTHIC DOOM)after that I played at SIBELIUS (They stole my songs and Lyrics, by the way. We played METAL, kinda DEATH with BLACK) Then I was with AVALON (They play METAL CORE) And the last official band was CENTEOTL (We played POWER SPEED). That's all, but as I said I decided to play alone, anyway, In all those bands, except AVALON and CENTEOTL, which were formed before I joined them, I always wrote the music and Lyrics of ALL songs. "
